

THE KENYA SCHOOL LEADERS CONFERENCE EVALUATIONS.

The Kenya School Leaders Conference has changed my idea of leadership in accepting criticism, and to place high value on the things I have and not on those I should have. I should serve others without expecting to gain from it ... What I liked most about the Kenya School Leaders Conference was the training methodology. It was participatory. The content was relevant to our immediate environment. I would highly recommend this conference to other Headteachers as there was lots of information that I feel others need to benefit from.

Beatrice A. Mwash
Principal
Senior Chief
Mwangeka Secondary School

The Kenya School Leaders Conference has changed my idea of leadership in knowing that passion is the key to success. I should be an empathetic leader... What I liked most about the Kenya School Leaders Conference was the training methods used and the general organization of the event. The study was based on research. I would certainly recommend this conference to other Headteachers.

Bessy Ntinyari
Headteacher
Kimangachughu Primary
School

The Kenya School Leaders Conference has changed my idea of leadership to be an effective leader in the society / organization and to encourage participation, belonging and ownership in the school by involving all stakeholders and practice empathy to the people I lead ... What I liked most about the Kenya School Leaders Conference was learning what influences loneliness, effects of procrastination and that I shouldn't let having a career prevent me from having a life. Most importantly we get happiness by placing high value on what we have. I would recommend this conference to other Headteachers for them to acquire effective leadership skills, to realize the effects of loneliness and how to value the input of every member in their leadership team.

Liverson V. Mwakio
Headteacher
St. Laurent Daku Primary
School

The Kenya School Leaders Conference has changed my idea of leadership in knowing ways of becoming a better leader so as to groom other people to become future leaders, inspiring me to be able to listen to all those under me before making any judgment and cooperate with others to solve any challenging situation ... What I liked most about the Kenya School Leaders Conference was the open forum for discussion and time management. I would recommend this conference to other Headteachers.

Michael Kindungwa
Headteacher
Mwarombo Primary School

The Kenya School Leaders Conference has changed my idea of leadership by knowing the qualities of an educational leader, improve on my weaknesses by keeping in mind that inclusivity in education is the key ... What I liked most about the Kenya School Leaders Conference was the varied pedagogy and good time management. The topics were well covered. I would highly recommend this conference to all Head teachers as we need harmony and good working condition in all institutions for better performance.

Alice Wakio Mwangeka
Principal Kirutai Primary
School

The Kenya School Leaders Conference has changed my idea of leadership in connecting with those I lead and making them feel they belong to the school by encouraging them to contribute to the affairs of the institution. It has influenced my philosophy on leadership by knowing that a leader cannot be alone at the top, he will be surrounded by air. He / she must be friendly - not necessarily a friend to those he leads. It has influenced my outlook on how long I see myself as a leader by energizing and building my confidence, making me feel I can lead better and achieve better results from my learners ... What I liked most about the Kenya School Leaders Conference was the group discussions on topical issues and free sharing of knowledge by Dr. Silard with many relevant examples. I would recommend this conference to other teachers as most do not have any training on leadership and are mostly guessing their way and getting into unnecessary conflicts.

Mwachoki W. Mwaimbe
Principal
Kiwinda Secondary School

The Kenya School Leaders Conference has changed my idea of leadership to integrate empathy with leadership, influencing the community to contribute, socialize and participate in decision making. Being driven by passion to deliver and manage expectations. It has influenced my philosophy on leadership; to apply the right approaches relevant to unique situations. It has empowered me to deal with the most uncomfortable situations ... What I liked most about the Kenya School Leaders Conference was that it was learner centered. It provided an avenue for critical thinking and problem solving and related so well with typical challenges faced on daily basis. I would highly recommend this conference as it renews our approaches to cope with managerial dynamics.

Gibson M. Mwaluma
Headteacher
Wumingu Primary School

The Kenya School Leaders Conference has changed my idea of leadership by learning how to involve the students, teachers, parents and other education stakeholders directly in decision making on issues affecting them. It is important for any leader to ensure that power doesn't get into his / her head and make him / her loose connection with the people he / she is leading. It has influenced my philosophy on leadership substantially to cultivate empathy in the activities I will engage in ... What I liked most about the Kenya School Leaders Conference was that the philosophy was grounded on proven scientific research based

findings and hence a strong psychological background. This proves its validity. I would highly recommend this conference as it will make a big change on how education is handled.

Jimmy Brown Mwandigha
Literature Teacher
Kiwinda Secondary School

The Kenya School Leaders Conference has changed my idea of leadership as it relates to empathy, passion, trust and that money is not a source of happiness. It has influenced my philosophy on leadership, that a leader should have empathy with the people he is leading ... What I liked most about the Kenya School Leaders Conference was the methodology of teaching. I would highly recommend this conference as most of my expectations were met.

Okumu Vincent Mucani
Teacher
Dalmas Moka Secondary School

The Kenya School Leaders Conference has changed my idea of leadership by learning that leadership is a process and the qualities of a good leader. Leaders should aim at mobilizing a group towards a goal. It has influenced my philosophy on leadership that as a leader I have to be passionate, fair-minded and treat all people equally. I have to be influential to overcome challenges facing students and teachers ... What I liked most about the Kenya School Leaders Conference was the group work - solving issues collectively. The language was easily understood and goals well achieved. I got new skills and got new knowledge. I would highly recommend this conference as it is very educative on how to be a good leader.

Dorothy Marete
Teacher
Mwangea Primary School

The Kenya School Leaders Conference has changed my idea of leadership by learning the importance of being empathetic always, being open minded in my interactions with the ones I serve and the importance on integrity in my work at all times. It has influenced my philosophy on leadership, that leadership is dynamic, not static, and always there's a need for progressive innovation when facing emerging challenges and / or opportunities ... What I liked most about the Kenya School Leaders Conference was the practical approach to the information shared from the engagement and the clearly set out subjects covered. I would highly recommend this conference to other leaders as it would widen their scope of approach to their work by embracing emerging methods in leadership.

Mwakiro Nyambu Andrew
Freelance artist / Business Adviser
Freelance School

The Kenya School Leadership Program has changed my idea of leadership to be empathetic and encourage gender based leadership. It has influenced my philosophy on leadership to be a better leader than I was and to be able to handle problems in a more intellectual manner ... What I liked most about the Kenya School Leadership Program was the knowledge and creativity. I would highly recommend this program.

Shedrack Nthenge
Deputy Headmaster
St Laurent Daku Primary School

The Kenya School Leaders Conference has changed my idea of leadership in knowing that a leader should be empathetic and have passion. It has influenced my philosophy on leadership in making good contribution to the society at large... influencing my outlook on how long I see myself as a leader to monitor young generation to take leadership roles regardless of their gender... What I liked most about the Kenya School Leaders Conference was the group discussions and interactive sessions. I would highly recommend this conference as it gives skills to lead efficiently

Dorcas Mwanyengela
